# 1. GENERAL INFORMATION

The BMX Spine & Dirt competitions are organized as part of the Outdoormix Festival from Friday, May 22nd to Monday, May 25th, 2026. This event is organized by the non-profit association WeAreHautesAlpes, represented by Mr. Brice Clovis, President.

The Spine Ramp and the wooden kickers on the Dirt field are supplied and assembled by New Air Concept.

Check-in and registration close 2 hours before each competition.

The presence of all participants one hour before the start of the qualifying and final rounds is mandatory. Failure to do so will result in disqualification.

# 2. COMPETITIONS & TRAINING

## 2.1. Épreuves

The "BMX SPINE" competition will take place on Sunday, May 24th and Monday, May 25th, 2026. Participants will perform a run, one after the other, consisting of a series of tricks within a time limit set by the Race Director and the judges. Runs will last between 45 seconds and 1 minute. Each participant will have two runs to achieve the best score. A third run may be granted to one or all participants at the judges' discretion.

The starting order for the qualifying rounds is determined by the order of registration or by the number on the participant's number plate. The qualifying results will influence the starting order for the final, ensuring that the last qualifier is the first competitor to compete, and the first qualifier is the last to perform their final run.

Open practice sessions are available to participants throughout the day on Friday, May 22nd and Saturday, May 23rd, 2026. Official practice sessions, mandatory for all participants still in the competition, will take place on Sunday, May 24th and Monday, May 25th, 2026, one hour before each competition time.

The "BMX SPINE BEST TRICKS" event is a competition in which each participant has a set time (less than one minute) to perform a single trick. Each trick is scored by the judges, and the one with the highest score wins the competition.

The "BMX DIRT" event is a competition taking place on Saturday, May 23rd.

The organizers, race officials, and judges may hold a meeting with the athletes to explain the rules and race instructions, or to share any other information.

Similar to the spine competition, participants take turns performing a run, which consists of a sequence of tricks, within a time limit set by the Race Director and the judges. These runs vary between 45 seconds and 1 minute. Each participant has two runs to achieve the best score. A third run may be granted to one or all participants at the judges' discretion.

The starting order for the qualifying round is determined by the order of registration or by the number on the participant's number plate. The qualifying results influence the starting order for the final, ensuring that the last qualifier is the first athlete to compete, and the first qualifier is the last to perform their final run.

The organizers, race officials, and judges may hold a meeting with the athletes to explain the rules and race instructions, or to share any other information. **IMPORTANT:** In the event of force majeure or adverse weather conditions, the organizers reserve the right to reschedule the events. No refunds will be issued for athletes who fail to appear at the rescheduled event times.

## 2.2. Program

<b>VENDREDI 22 MAI</b>	Free training : - BMX SPINE : 10 h → 18 h - BMX DIRT : 10 h → 18 h

<b>LUNDI 25 MAI</b>	Training + Finale BMX SPINE 12 h 30 → 15 h Best tricks : BMX SPINE : 15 h → 15 h 30 ▷ Podium : BMX DIRT : 16 h BMX SPINE : 16 h 05

## 3. CONDITIONS OF PARTICIPATION & EQUIPMENT

### 3.1. Conditions of participation

The BMX events are open to all competitors with a medical certificate dated within three years of the competition date, specifically authorizing participation in this sport and stating that they are fit for competition.

All BMX event registrations are individual, non-transferable, and non-refundable. No full or partial refunds will be issued by the organizers.

The minimum age requirement is 16 years. Minors are required to provide parental

authorization for competitive BMX participation in addition to the other required documents.

This competition will feature only one age category, common to all age groups. The organizers are not planning any junior or women's categories. Therefore, all athletes will be registered for a single competition encompassing all three events.

Underaged competitors must present parental authorization to participate in the competition. All registrations for the "BMX" competitions are individual, non-transferable, and non-refundable. No refunds, full or partial, will be issued by the organizers.

To take part in the competitions, each competitor must have paid the registration fee for the event (on the website [www.outdoormixfestival.com](http://www.outdoormixfestival.com) or at the event reception desk), have provided the necessary documents and be equipped with the required equipment.

Before the competition, each competitor must check-in at the event reception desk. Please note that any participant who has not checked-in will not be allowed to participate in the events.

### 3.2. Equipment

**BMX:** Only BMX-type bicycles are permitted for these events. Equipment may be checked by the Race Commissioner. In the event of non-compliance, the Race Commissioner may disqualify the rider.

**Rider equipment:** Wearing a BMX-approved helmet is mandatory (open-face, ear-padded, or full-face helmet). Wearing any other specific cycling protection (back protector, knee pads, elbow pads, shin guards) is strongly recommended. Clothing, by its design or construction, must not pose a safety hazard to the rider. Similarly, the design or printed advertising on clothing must not contain any offensive statements or images that could harm the image of the organizer or the sport.

## 4. ROUTE / MARKINGS / SAFETY

The Spine Ramp, the module, is delimited by its structure. Safety barriers are installed all around it to ensure the safety of athletes and spectators.

The Race Commissioner is officially responsible for overseeing the sporting and safety aspects of the competition. The Commissioner alone is specifically responsible for timeouts for mechanical issues and for applying penalties. Confirming the presence of the racers and awarding prizes will also be their responsibility. They will also act as the Technical Delegate if no one else has been appointed for this purpose.

The following penalties will be applied:

Parking on the course or riding against traffic on the track: disqualification.

Refusal to comply with a race official's instructions: disqualification.

Trying during the event and outside of official training sessions: disqualification.

Failure to wear mandatory protective gear during the event: disqualification.

This list is not exhaustive and any penalty may be decided by the Race Commissioner if a competitor does not comply with these race regulations, behaves dangerously or interferes with the smooth running of the event.

## **5. INSURANCE & LIABILITY**

The organization has taken out insurance covering its own civil liability as organizer, that of its employees, and that of volunteers assisting with the event. Personal accident insurance is also in place to cover bodily injury each participant may sustain, as well as any accidents caused to third parties.

Medical and hospitalization expenses remain the responsibility of the participants (personal insurance). The organization accepts no responsibility for the loss, theft, or damage of personal belongings or equipment and cannot be held liable under any circumstances. No refunds will be issued for participants who withdraw from the race.

FFC members participating in events not listed on the FFC calendar (federal and/or regional) are not covered by the insurance associated with the license purchased through you from our federation. Therefore, and under the aforementioned conditions, FFC members are not covered for personal accident insurance when participating in these types of events. The same applies to the civil liability coverage (damage caused to third parties) associated with the license.

## **6. RESULTS, PODIUMS & PRIZES**

The scores are awarded by the judges for each rider in accordance with the principles of equality between athletes and objectivity, based on the following criteria: the quality of the overall run / the difficulty and diversity of the figures / the amplitude on each jump.

The competitors are judged by a minimum of three judges. In this case, all three scores are combined to determine the participant's final score; only the highest score across all runs during the qualifying and final rounds will be retained. If five judges are present, the highest and lowest scores will be discarded.

Complaints are permitted but must be submitted to the Race Director and the Judges.

One of the judges is designated as the main or lead judge for the "BMX" event. He is responsible for the work of the other judges, and must ensure that the results are published, and that ties are broken in accordance with the procedures and limits established by these regulations.

At the end of the competition, a podium will be established by the judges based on the participants' scores. Prizes, including a prize money of €3,200, will be awarded to the top three

athletes according to the overall ranking for each event. The organizer reserves the right to distribute the prize money as they see fit.

The organizer reserves the right to open new categories for the podiums once there are more than five registered participants in that category. This will affect the distribution of prizes and prize money between the existing categories and these new categories.

The presence of all competitors at the awards ceremony is mandatory. Prizes cannot be given to a third party and will not be sent by mail at a later date, with the exception of prize money, which can be paid out via bank transfer after the event.

A podium will be set up for each category once five participants are registered and present.

## 7. CANCELLATION AND COMMITMENT

The organizers reserve the right to modify these regulations at any time to ensure the safety and well-being of participants. In the event of *force majeure*, the organizers reserve the right to cancel or interrupt the "BMX Dirt & Spine" event and will not issue any refunds. Registration for the competition implies full and unconditional acceptance of these regulations. Failure to comply with these rules may result in the competitor's disqualification by the organizers.

**WARNING:** In the event of *force majeure* or bad weather, the organizers reserve the right to reschedule the events. No refunds will be issued for athletes who fail to be at the rescheduled event times.

As an athlete participating in the Outdoormix Festival, you represent your sport and the event. Therefore, you are asked to respect the staff, the public, other participants, as well as the equipment, facilities, and cleanliness of the site. Failure to comply with these rules of conduct may result in sanctions being applied by the Race Steward (assistance with cleaning or repairs, distribution of promotional items, or even criminal penalties if the Race Steward deems the offense warrants referral to the appropriate authorities).

For the purchasers of the "RIDE & PARTY PASS", the concert evenings are included in the pass; in the event of concert cancellations, no refunds will be issued.

## 8. COMPLAINTS

Complaints regarding the conduct of the competition or the behavior of other competitors must be submitted in writing and signed by the rider within 60 minutes after the end of the competition. Complaints regarding the results must be filed within 30 minutes after the display of the results.

## **9. RESPECT FOR THE ENVIRONMENT**

In order to protect the environment and the natural areas where the event is held, it is strictly forbidden to leave any waste (paper, packaging, plastic, etc.) on the site. Bins will be available and must be used by all participants.

## **10. IMAGE REPRODUCTION RIGHTS**

By participating in the “BMX DIRT & SPINE” competition during the 12th edition of the Outdoormix Festival, - which will be held from May 22 to 25, 2026 - each participant expressly authorizes the organizer to use or reproduce their name, image, voice and sporting performance within the framework of this event.
